

*From the Permanent Traders in the Market Hall.*

*For the attention of Executive Officers of Harborough District Council: Norman Proudfoot; Beverley Jolly; Ann Marie Hawkins; Verina Wenham; Simon Riley; David Atkinson.*

With regard to the proposed increase in car parking charges, and with particular relevance to the contracted traders in the Market Hall (who are virtually the only regular long-stay users) it would seem unfair to impose what is, in essence, an increase in stall rentals (an increase not covered by our contracts).

The contracted traders already pay the highest rents of any indoor market in the country and if the proposed parking charges are implemented in full, then it will possibly be the straw that breaks the camel's back.

The traders therefore request that a discounted parking permit be considered for all contracted stalls.

We (the undersigned) respectfully request the Council to give this proposal serious consideration and look forward to a new year of continued co-operation.
