

Representor Organisation - Daventry District Council

Representor Name – Tom James

Response to Matters and Issues - Harborough Local Plan 2011 to 2031

Matter 2. The housing requirement and its delivery.

2.0.1 Thank you for providing Daventry District Council with an opportunity to comment on the Matters and Issues. The comments below are provided in the context of our response to the submission consultation.

2.1 Is the uplift of 25 dpa associated with growth at Magna Park appropriate?

2.1.1 Without prejudice to our objection to the level of floorspace provided under policy BE2, should this be considered to be the level that is considered to be justified, then Daventry District Council considers the associated uplift of 25dpa, of which 6 dpa would be in Daventry District, to be appropriate.
