

Appendix H. Confirmation That the Prisoner To Staff Ratio at Gartree 2 Is Greater Than at Ulnes Walton (Garth Wymott 2)

I asked the MoJ to clarify why Gartree 2 is planned to have more employees the proposed new prison in Ulnes Walton.

This letter on the following page is the response.

HM Prison &
Probation Service

16 Aug. 22

Dear Mr Hickie,

Thank you for your email dated 21 July 2022 regarding the difference in staffing levels at the proposed sites for prisons at Gartree and Ulnes Water.

The reason for the difference is that Category B prisons require a higher staff to prisoner ratio than that of a Category C prison.

I trust that this answers your query.

Yours sincerely,

Briefing and Casework Team Manager
Prison Supply Directorate

Appendix J: Table of Ease of Access and Frequency of Visits for all Category B Prisons

Note: Some prisons not included as the most recent survey may have taken place in lockdown. In some other cases, prisons are not included as no survey has taken place with these questions. Prisons marked red are Training prisons.

HMP	Quite or very easy/%	Quite or very difficult/%	Visits once per week or more/%
