Community voices must be heard, community opinion has a vitally important part to play in considering planning for the future.

Our concerns on environment, highways, ability of infrastructure to cope are well known.

We call upon the Planning Inspector to listen to the weight of community concerns to take on board the planning reasons for refusal made by Harborough District Council, and to support the unanimous decision of Harborough District Council Planning Committee and REFUSE the Appeal of the MoJ against this decision.

# Say NO to the new Gartree Prison by signing our Petition

Community voices must be heard, community opinion has a vitally important part to play in considering planning for the future.

Our concerns on environment, highways, ability of infrastructure to cope are well known.

We call upon the Planning Inspector to listen to the weight of community concerns to take on board the planning reasons for refusal made by Harborough District Council, and to support the unanimous decision of Harborough District Council Planning Committee and REFUSE the Appeal of the MoJ against this decision.
