

Correspondence received Mowsley Community Governance Review First round of consultation

Consultee	Details
Roslyn Ousey	<p>I am very hopeful that HDC do decide that Mowsley will have a parish council There's far too much work for one person and some very interested people in the community who have expressed a desire to become a councillor. We feel that being a council will give us added status and better access to services.</p> <p>When a referendum was held, overseen by Councillor Stephen Bilbie, almost two thirds of the residents voted in favour of a council. The actual figures of those who voted of every household that was individually visited to ensure that all residents knew their right to vote, 80 were for a council and 49 against. So democratically if HDC sees fit we should become a council.</p> <p>R. Ousey.</p>
County Councillor Blake Pain - Bruntingthorpe Division	<p>I have no real objection but I do wonder where Mowsley will find the willing people to make up a functioning parish council. I understand it was difficult to identify a successor when Roz retired. I may be mistaken though.</p>
