

Looking ahead for Harborough District

Four areas shaping the district's future

Economy

Promoting opportunity and supporting local growth

Creating local job opportunities

Skills and development opportunities for young people

Supporting businesses, town centres and transport

Environment and Sustainability

Creating a greener, more sustainable future

Protecting nature, green space and biodiversity

Cutting carbon and increasing recycling

Planning for flooding and sustainable growth

Healthy Lives

Enabling people to live well and stay independent

Supporting people as the population ages

Physical activity, leisure and active travel

Mental health, wellbeing and community safety

Place and Community

Building strong, connected places

Housing that meets local needs

Protecting rural character and heritage

Communities involved in shaping places
